The Write Class (TWC) is an assessment tool, not a test or a method of awarding credit. TWC will not override a failed attempt at a First-Year Writing course. TWC will not override transfer credits.

New International Students: Incoming first-year international students who are from a country where English is the official language of instruction should take The Write Class. Incoming first year international students who have completed study through IEI may use these results instead of The Write Class. Most international students who have not completed IEI will use scores from the IELTS, TOEFL or Duolingo for placement. International students without these placement methods should contact the chair of the Department of English and Philosophy.

*Students who place into ENGL 1101 **may** have the option to place into English 1102 with successful completion of the Accelerated Placement Application (no credit for ENGL 1101 will be granted with successful completion of the Accelerated Placement and ENGL 1102).

**Honors Students may choose HONS 1101 instead of ENGL 1102.

***TIP – Transfer in Progress courses are not evaluated as prerequisites for enrollment.
